REISSUE APPLICATION DECLARATION BY THE INVENTOR

7
3/4/03
Amr

As a below named inventor, I hereby declare that:

My residence, mailing address and citizenship are stated below next to my name.

I believe I am the original, first and sole inventor (if only one name is listed below) or an original, first and joint inventor (if plural names are listed below) of the subject matter which is described and claimed

in patent number 5,902,982, granted May 11, 1999, and for which areissue patent is sought on the invention entitled CHANGEABLE MACHINE READABLE ASSAYING INDICIA

the specification of which

☐ is attached hereto.☒ was filed on May 10, 2001 as reissue application number 09/852,872and was amended on May 1, 2002

(if applicable)

I have reviewed and understand the contents of the above identified specification, including the claims.

I acknowledge the duty to disclose information which is material to patentability as defined in

I verily believe the original patent to be wholly or partly inoperative or invalid, for the reasons described

☐ by reason of a defective specification or drawing.☒ by reason of the patentee claiming more or less than he had the right to claim in the patent.☐ by reason of other errors.

At least one error upon which reissue is based is described below. If the reissue is a broadening reissue, such must be stated with an explanation as to the nature of the broadening:

It was an error on behalf of the attorney who filed the original application from which U.S. Patent No. 5,902,982 issued in that no method claims were filed directed toward a method of drug screening an individual. The present application corrects this error in that reissue claim 20 is specifically directed toward a method of drug screening an individual.
